President's Message

Well, fall has finally arrived, and that means there are still lots of fun things to do with our Labradors. Our Tracking Test this year will be in Bow, Wash. on October 22 and 23. Contact Carole Jensen idellalabs@clear.net or Fred Drennan fmdrennan@netscape.net if you would like to help lay tracks. Don't forget to contact Kristi Clark at kristiclark2001@yahoo.com to volunteer at the Fall Agility Trial at Argus, November 5 and 6.

Also, please join us on October 26 for the PSLRA membership/board meeting. Because we try to distribute these meetings geographically, this month's meeting will be in the south, namely Mitzel's Restaurant in Kent (directions below). Please plan to attend and find out in person what's happening in the club

We had a great turn-out, excellent weather, and a fun time at the field training day and Working Certificate on September 24. As hoped, we saw some new faces and lots of puppies eager to chase a bird. Please take time to personally thank Marlys Swanson and Bea Ferguson who chaired this event. They spent many hours behind the scenes working out the arrangements. A special thanks goes to Bryant Meyer, who was able to find a bird vendor with an ample supply of pigeons, so that everyone could have a flyer for their dogs.

The Health Clinic on the following day brought a lot of dogs in for eye, heart, CNM, and EIC screening. Again, please thank Nina Mann and Mary Jane Sarbaugh who organize the clinic every year. We are indebted to them for helping us maintain and monitor the health of our dogs.

Master National Retriever Club news: PSLRA member, Jim Charboneau, was elected to be the 2012 Master National Hunt Test judge from Region IV (west coast). Club members Jean Fowler, Katie Mearns, Don Wildes, Barbara Strauss, and Jim Charboneau qualified dogs to enter this year's test in Maryland. Congratulations! They are among 735 dogs nationally who qualified. (Sorry if I missed someone.) FYI, there are 578 dogs entered this year, with approximately 193 dogs in each of the three groups.

Meeting Reminder: The October 26 membership/board meeting will be held at Mitzel's Restaurant in Kent, 22330 84th Ave South, 98032. Look for the 84th Ave South exit (coming from north or south) on Highway 167. From the north, turn right at the stop light at the end of the exit and proceed about 1.5 blocks. From the south, turn left at stop light at the end of the exit and proceed about 3 blocks. Mitzel's is located on the right.

IMPORTANT DATES

October 22, 23, Tracking Test, Bow, Wash., Carole Jensen, Fred Drennan

October 26, Board/Membership meeting, Mitzel's in Kent

November 5, 6, Fall Agility Trial, Argus, Kristi Clark

September board minutes

The September Board Meeting was held on September 28, 2011, at the Hilton Garden Hotel, Issaquah. In attendance: Officers and board members Terrie Sato, Gail Gegg, Ron Perry, Nancy Harney, Nina Mann, Brenda Hubbard, Jill Mahoney, Mary Jane Sarbaugh, Bea Ferguson, and Franna Pitt. Absent were Stephanie Harris and Sarah Fischer. Guest was Christine Jaeger.

Officer reports:

President's Report: Ron called the meeting to order and said that his report would be mostly covered in later topics.

Secretary's Report: We had a thank-you letter for our donation to TVD research from the University of Pennsylvania and recorded an email vote to approve the site committee's choice for the 2012 site location.

Treasurer's Report: The fall hunt test had approximately a \$1500 profit and the health clinic and the WC appear to have broken even as expected.

Acknowledgments:

—To Nina and Mary Jane for the Health Clinic and to Kate Schottman for volunteering her time to help with the EIC, CNM and Micro chipping. Also thanks to Ron and Jill for their help.

—Thanks to Bea and Marlys for a successful WC and training day, and to Bryant Meyer for coming up with the pigeons. We received a \$75 donation from Ann Huntington Mickelson, who also remarked that she should not be receiving the newsletter for our club.

Rescue: Brenda reported on Jackson, a 9-year-old Lab whose owner moved overseas. He is in an SPDR foster home until a permanent home is located.

Jackson is a happy handsome dog who will make a great companion.

New Members: No new members this month.

Fall Hunt Test: Ron reported the test was financially successful despite the fact there were a lot of scratches. He is working on a new scratch policy.

Fall Agility Trial: The premium is on line - nothing else to report.

Specialty 2012: The specialty will be at the Northwest Washington Fairgrounds in Lynden for this year.

Ethics Committee: No report.

September Health Clinic: The clinic went very smoothly. Numbers were down this year, but we did 68 eye checks, six EIC, three CNM and a number of hearts including seven ECHO tests.

Judges Selection Committees: Lucy Isaacson-Logen will chair the specialty judges committee and Ron will chair the hunt test judges committee.

Nominating Committee: Dave Lawniczak will chair this committee. Members will include Nancy Harney as the Board Representative and Carole Jensen, Fred Drennan and Jan Palumbo.

Annual Banquet: Tamaria Hartman has consented to chair it again. She is looking for a better location in Puyallup, possibly renting one of the old houses, and a catering firm.

Puyallup shows: It was M/S/V to have sweeps and support the entry at the Saturday show. It was also M/S/V to offer C&C gift cards at the supported entry.

Christmas party: There was a discussion about the fact that we do not have a chair or location at present.

Next Meeting: The October meeting will be a combined Board and Membership meeting at Mitzel's restaurant in Kent on October 26 at 6:30 p.m.. Members are reminded the November Board meeting will be on November 16, the third Wednesday, in order to have it before Thanksgiving.

The meeting was adjourned at 8:15.

A Letter to my Puppy

Dear Puppy: I am leaving you this note as I depart this morning for a meeting, hoping that you'll read it instead of barking frantically, as the neighbors report you always do. There are a number of what I will charitably call "misconceptions" on your part that I think I can clear up for you, leading to a more pleasurable pet experience for both of us.

You have been alive for 9 months now — in human age that makes you more than 5 years old. Now, when I was 5 years old, I already had a paper route, was reading at a college level and was pretty much regarded by everyone in the neighborhood as the greatest kid ever. (That's how I remember it. My mother, however, remembers that I crammed tomatoes into the dryer vent, turned on the hose and flooded my father's Buick, and stuffed my baby sister into a wagon and tried to shove her out into traffic. Funny how when you're a little kid, your parents remember things so incorrectly.)

At any rate, you're not a puppy anymore; you're a dog now, with dog responsibilities. Certain dog truths should be apparent to you. For example, I got up at 5 a.m. one time. One time does not make a routine that you need to ensure I follow every morning! Stop barking at me! And then once I'm up, groaning, protesting and shushing you, you act as if your job is done and settle down to go back to sleep. No! If I'm up to greet the dawn, I want you, my loyal dog, there by my side.

Speaking of things dawning, surely by now it has dawned on you that you cannot catch birds. When you lunge at the end of your leash to try to get a mouthful of sparrow, all you do is dislocate my shoulder. My right arm is now 3 inches longer than the left. Birds fly — that's what the whole wing situation is about. Dogs do not fly. You can look it up.

(I realize penguins are birds and don't fly. If we're ever on a walk and we see a penguin, I promise I will let you off the leash.)

Also, I have invested a considerable amount of money in buying you some pretty disgusting-looking chew toys. Apparently the parts of the cow so revolting that people can't eat them can be dried, shipped to my house, and given to you so that you can wait for a party and then walk up and spit them into people's laps.

I invested in these body parts not so that my friends will conclude that I'm a serial killer with bodies you've dug up from the basement, but because I don't want you chewing on my stuff. If it looks more like, say, a stereo speaker than a cow trachea, don't chew it! The same goes for my cell phone. Cell phones are not made from cows — you can look it up. Neither are my shoes, my books or my couch.

When I'm in the bathroom, I really like to be alone — is that so much to ask? I realize I don't give you privacy, but you aren't required by law to follow me around with a plastic bag. It's pretty disconcerting for you to bang the door open like the SWAT team calling on a drug lord and then stand there staring at me when I'm in that position. There is nothing I am doing that can be improved upon with the addition of a dog to the situation. I am not holding the magazine because I want to play tug-on-a-magazine!

And there are certain times I would like you to stop barking, such as, always. If you see a squirrel out the window, stop barking. If I brush my teeth, stop barking. And when I leave you at home for a little while, surrounded by chew toys and with plenty of food and water, stop barking! I always come back, don't I? I never leave you alone for more than an hour, do I? Don't be so anxious. I would never abandon you, you know.

You're my puppy.

LIST OF LITTERS BORN OR EXPECTED AS OF 9/30/2011 that conform to the PSLRA Code of Ethics. Information is as submitted by owners and provided as a service to the public. Listings of litters are in no way an endorsement by PSLRA of any litter or any one litter over another. Litters are removed from the list after three months.

To publish **LITTER LISTINGS** in the newsletter, the following information **must be available**

- Elbows and hips must be certified on **both the sire and dam**. Dogs and bitches whelped before 5/1/87 are exempt from elbow clearance requirements and will be marked OFEL N/A. Prelims are not acceptable! The board has recently agreed to accept PennHip clearances that score in the 50th percentile or higher, passing Wind-Morgan clearances, and clearances from the Ontario Veterinary College (OVC) in Canada. Female Labradors (bitches) with a Wind-Morgan, Penn Hip, or OVC clearance must not be bred before the age of 20 months, or 24 months with an OFA clearance. Male Labradors (dogs) with a Wind-Morgan or Penn Hip clearance must not be bred before the age of 12 months, or 18 months with an OVC clearance, or 24 months with an OFA clearance.
 - Eye clearances on both parents annually.
 - Heart clearances will be included in the listing at the discretion of the breeder.
 - A PSLRA member must own either the sire or the dam and must submit the listing for a non-member.
 - **Please contact Jill if you need a Litter Listing form, to be used for ALL litters.**
 - All Breeders must update their litters each week with Jill Mahoney via email (mahoney@wwdb.org) as to the sex and color of puppies you have sold. The listing will be deleted after three months from the first litter listing date unless she hears from you.
1. Mail the completed form and a check for \$10 (operating expenses for Breeder Listing and Puppy Referral Programs) to **Jill Mahoney, PO Box 7454, Covington WA 98042**.
 2. Your litter notice will appear in the next PSLRA newsletter **if** it conforms to the Code of Ethics.
 3. If you know that the Litter Listing and the Puppy Referral programs have helped you sell your puppies, **please send a donation to PSLRA** (c/o Jill Mahoney) to show your appreciation. These donations will all be used for Lab Rescue.

Other Dogs That A Breeder Has Decided to Place

(Note) Owners of all dogs that are listed here have filled out and signed a PSLRA Listing Form disclosing to prospective buyers any known health and/or temperament issues and are on file with the Breeder Listing Chairperson.

These dogs are usually well socialized, frequently have some training, and are very desirable as companions. These dogs may not meet either owner's requirements for show or field performance or the code of ethics for breeding. Prospective buyers are encouraged to ask whether these older dogs have acceptable clearances on eyes, hips, and elbows and the reason why the dog is being placed. The listing of other dogs in no way constitutes an endorsement by PSLRA. Price will vary.

Yellow Female 2.5 years young (spayed)

Fergie is a very fun loving girl who gets along with other dogs of all ages. She grew up with us, born here, and was not raised as a kennel dog. She has all her health clearances. Her OFA hips were found to be mild dysplasia. Fergie is very sound orthopedically – meaning she is very functional and athletic. She has a strong, well muscled rear assembly which I believe will serve her well in years to come.
