Retriever Believer

From the Data Retriever

Hallelujah! it looks like spring may be on it's way! And after this winter I'm sure we are all ready for it, even the rain. Give people a call and let's get some training going for that 5-series coming up, especially for all those new and upcoming puppies. Be sure to check out the flyer enclosed. We will also be having a general membership meeting at the 5-series, I've enclosed a map on the back side of the flyer for you new members, but if your still unsure about how to get there, then call one of the members in your area or on this page and maybe they can assist you.

Keep those letters going into AKC about how you feel on the proposed standard. They are receiving them & listening. Also, please fill out the enclosed poll and return to Prescott Chubet. The results will be relayed to LRC, Inc. and the AKC. If you are a new member and did not receive the issue with the proposed standard give me a call and I'll put a copy in the mail to you, this is a standard that much of the "Labrador population" feel they cannot live with due to wording and absurd disqualifications.

***Please note the Trophy Donation request/pledge form.** Give me a call or I'll start calling you.*

--- Until next month -- Keep training!

The Puget Sound Labrador Retriever Association is a non-profit organization dedicated to promoting the Labrador Retriever as an all -around dog. It is our belief that a show dog that will not retrieve is not a true labrador, that there is no reason why a hunting dog should not conform to the breed standard and that both should be well-mannered family members. to these ends we hold AKC sanctioned Specialty Shows and Obedience Trails, Fun Matches, Hunting Tests, Working Certificate Test, sponsor educational seminars or clinics, publish a newsletter and urge all our members to breed only dogs that will be sound in both type and temperament and contribute to the improvement of the breed.

We encourage all our members to show their dogs and work them in the field and in obedience to develop their full potential and work toward the club's All-Around Labrador Award.

Membership is open to anyone interested in Labrador Retrievers whether that person owns one dog, none, or many.

Annual dues are $15.00 for a voting membership, $20.00 for a family membership with two votes. Junior members, listed separately and receiving their own newsletter are $7.50.

The Retriever Believer is published monthly by the Puget Sound Labrador Retriever Association in the interest of providing information and promoting the Labrador Retriever. Non-member subscription rates are $10.00 per year. Contributions in the form of articles, letters, or money are always welcome. It is our goal to provide an open forum where members can present their views to the club. If you have an article or would like to write a letter that might benefit the club, please submit it for publication. The Retriever Believer will publish Brags and Litter Listings free of charge for members, non-member cost is $5.00 per submission. After October 1, 1992 all litter listings must comply with the PSLRA Code of Ethics. Advertising is available at $10.00 per half-page and $20.00 per full page. Deadline for submission is the 20th of each month. Publishing an article or advertisement does not constitute endorsement or agreement by the PSLRA. All submissions should be sent to the Editors, Brenda & Lance Manus, 26907 Border Way NE, Kingston, WA 98346. Phone (206) 297 - 4637.

PSLRA BOARD MEETING HIGHLIGHTS
FEBRUARY, 1993

We will be supporting the entry of Labradors at the Mt. Baker Kennel Club dog show on July 4, 1993. The judge is Michele Billings. We will be donating trophies for B.O.B. and B.O.S. Everyone is encouraged to enter their dogs in this show. The open classes will be split by color.

Everything is on schedule for our 1993 specialty. Please call Brenda Manus if you have not pledged to donate a trophy. There are still plenty of classes available to sponsor.

Rescue News - We always need more volunteers to visit shelters and provide foster homes. Please call Mary Jane Sarbaugh if you can help.

We will have a 5 series singles field day on Saturday, April 10, 1993, at Carlson's in Fall City. There will be stakes for Junior puppies, Senior puppies, adult dogs, and junior handlers. See flyer elsewhere in this newsletter. This will be a great warm-up for our May hunting test. Hope to see you all there.

Sharon Edwards is organizing a general membership meeting for April. Look for information in this newsletter.

If anyone is interested in chairing a fun match this year, please call Joni Willing. If no one volunteers we will not be having a match.

The next board meeting will be March 24th at Fred & Terri Drennan's house. Everyone is welcome. If you need directions, call Fred & Terri.

Respectfully Submitted,

Barbara Ironside
Secretary

CORRECTION

Carol Coode, Warringah Labradors, is writing a book on Labradors that will include a chapter on Labradors in America. She has asked Mary Wiest to send her information on prominent kennels in the U.S. Mary has accordingly sent survey forms out to everyone who has been in Labradors for a significant length of time. We hope some of our Northwest kennels will appear in the chapter. Among those in our area invited to send in information on their kennels are: Briary, Cedarwood, Chelon, Davoeg, Harbortop and Wapato.

PUPPY DOGS (6-9 months) -

1 - Nautikaull Grizzly Bear - Nice black puppy. He has good shoulder angulation in the rear and moves very well.
2 - ShaRay's Toastin Sports Fan - This puppy is not quite a big, actually I'd like his face a little bigger. He has a beautiful face and a nice coat. He just didn't move quite as well as the first puppy.
3 - Fawnhaven Davoeg Snickers - A nice chocolate, seems to be very well put together . He has nice shoulders and nice rear angulation. I'd like a little tiny bit darker eye color.
4 - Cedarwood Repeat Performance - He seems to be nicely put together; maybe not quite the shoulder angulation of the others, but still a nice boy.

PUPPY DOGS (9-12 months) -

1 - Marstad's Coriander - Nice yellow boy; quite substantial. He has a good coat & tail. I'd like to see a little bit darker eye and maybe a little more angulation.
2 - Daylight's Blue Eclipse - He's a little bit rangier black fellow. Has good rear angulation, and I think probably a little bit slow maturing. He could turn out to be a nice puppy.

JUNIOR DOGS (12-18 months) -

1 - Blackthorn Riverlane's NSF - He's a good sized black dog with a really nice head and sweet expression. He seems to be of a happy temperament, plenty of substance and nicely put together.
2 - Davoeg Bubba of Black Diamond - He's a good medium sized yellow dog who moved very well indeed. Has a good coat and tail. I'd like to see a little bit darker eye.
3 - Cedarwood Gunner O'Fawnhaven - Nice chocolate. He caught my eye from the very beginning. He's nicely put together; certainly has a strong rear-end and is very fit. Again, I'd like a little darker eye.
4 - Breton Gate Duke Hissarlik - He's a light colored yellow, certainly very substantial and very, very good pigment. Didn't move quite as well as the other dogs, especially in the rear.

BRED BY EXHIBITOR DOGS -

They're all well put together and seemed to have pretty good shoulders.

1 - Ridgeson's Double Trouble - He's a very sturdy black dog who moved extremely well. He has good coat and good tail; he must have come from Alaska. He has nice dark eye; nice expression.
2 - Interlochen First Sea Lord - Another black who moved very nicely. Doesn't have quite the coat as number one.
3 - Timberline's Eye of the Storm - Another good moving black dog. This dog has a good tail and good coat.
4 - Canvasback Westdale Max - a yellow dog. He has not quite the substance as some of the blacks, but he is nicely balanced and he moves very well. He has a lovely face.

AMERICAN BRED DOGS -

1 - Davoeg Hiltonhall Sammy Beau - He's a nicely constructed black dog with a very good coat and tail. He moved well and I like his shoulder angulation.
2 - Midnightsky's Wally B Cleaver - He's a slightly bigger dog and seems young; maybe he isn't young. He has not quite the angulation in the rear a the first place dog.
3 - Borador's Wizard of Graybar - A yellow dog with a beautiful head and he's nicely constructed. He was having a little trouble moving, but he's nice. Again, I'd like a little more rear angulation. Other than that, they're all nice dogs.

OPEN DOGS - BLACK -

This is probably the hardest open black class I've judged in a long time; it took me forever. In general, they certainly are nice strong typical labradors.

1 - ShaRay's Royal Sebastian, CD - He's a good size dog and he's got nice angulation. He's got a proper coat and a lovely sweet expression. Nice dark eye.
2 - ShaRay's Emmanuel - The second place dog is not quite as tall, but he's very, very nicely put together. He has good coat and his head is, what I would call an old fashioned head, which I like very much.
3 - MHR WR Sir Barney III, MH - A very nice dog. He's a little bit bigger than second place. He has a good coat, nice shoulder lay-back, good angulation in the rear. I'd like a little darker eye.
4 - High Pointe's Strong Persuader - He's got a good coat and a good tail; could have a little bit sweeter expression, but he's a good boy.

-- Continued --

OPEN DOGS - CHOCOLATE -

1 - **Sunnydaze English Leather** - He's a good sized dog and very well angulated. He has the proper coat and tail, and a nice expression.
2 - **Rocheby Joseph's Coat, JH** - He's not quite the size as the first dog but he certainly has a nice coat & tail. He has good angulation, and he has a very pretty face.
3 - **Ghoststones Game of Chance** - Maybe this is a young dog; I think maybe he needs to fill out a little bit, but he has good bone and he has a nice coat and he moves very, very well.
4 - **Coppertone's Cinnabar Delta Dash** - Is a very substantial dog and I like him very much. I really shouldn't fault him, but I'd like to see a darker eye.

OPEN DOGS - YELLOW -

1 - **Blackthorn's Imminent Thunder** - He's a good size, very substantial dog; has excellent pigment, good feet, and a nice happy attitude.
2 - **Borador's Restitution** - Is a little bit darker in color and is not quite a large. He's a very handsome dog; has a beautiful face. Just didn't move quite as well as the first place dog.
3 - **Nautikaull's Channel Marker, CD** - An even darker yellow; very nice dog, very well put together. He moved very nicely.
4 - **Breton Gate Gold Dust** - Is a very, very nice boy, not quite the shoulder angulation as the others and maybe could have a little darker eye, but he's nice.

WINNERS DOG - Blackthorn's Imminent Thunder
Reserve Winners - Borador's Restitution

PUPPY BITCHES (6-9 months) - No critique available.
1 - **ShaRay's Evening Rapture**

PUPPY BITCHES (9-12 months) -

1 - **Bayview's Gonna Take By Storm** - Of the three puppies, she seems to be a little more substantial at the moment. She has good rear angulation and a good coat.
2 - **Midnightsky's the Limit** - She has a lovely face. Actually I prefer this one's face, but not quite as mature, as the first place. She moves very well.
3 - **Chelons Chatterbox** - She's a yellow puppy who doesn't look quite as mature again as the first place one, and maybe not quite as much coat right now, but she could turn out fine.

JUNIOR BITCHES (12-18 months) -

There were some very nice bitches that left the ring without a ribbon.

1 - **Westdale's Coldwater Classic** - She really is beautifully trained, and is just a lovely bitch. She's so pretty all over; never puts a foot down wrong.
2 - **Braemar Northern Exposure** - Is a nice black. She's very substantial. She's well made, she has nice angulation.
3 - **Cedarwood Pipeline Pepsi** - a little chocolate girl. Again, a lot of angulation in the rear and good shoulder angulation. She likes to play.
4 - **Daylight Greybars Roxanne** - another nice yellow young girl. She has a very pretty face, she has nice angulation and she moved very well. They should all turn out to be nice dogs.

NOVICE BITCHES -

There were two bitches in the novice bitch class; both of them are very nice; both moved well.

1 - **Aspenlane's Deanna** - She moved exceedingly well. She has nice angulation and a good coat, and she wags her tail.
2 - **Harbortop Little Miss Magic** - She's a nice black bitch; quite substantial. I think I just preferred the front movement on the other bitch.

BRED BY EXHIBITOR BITCHES -

1 - **Somersett Magic Moment** - A black bitch of medium size. She has very good shoulder angulation and good upper arm, as well as good rear angulation, and a nice face.
2 - **Marstad's Loose Change** - She's a very, very pretty yellow. Again, she has good angulation, good coat, beautifully trained, and a very nice face.
3 - **Harbortop's Bright April** - This is a little bit darker yellow bitch. She's very substantial. She has a good coat and a good tail and a very pleasant expression. She's a happy girl.
4 - **Timberlines Glory Bound** - This is a black again with a good upper arm, good rear angulation, a good tail, and a nice face.

AMERICAN BRED BITCHES -

1 - **High Pointes Dogwood Dewdrop** - She's a very nice cream colored bitch; very feminine and has a lovely head, a good rear, and a nice coat.
2 - **Easy Acres Sable** - This is a real classy black bitch. She reminds me of somebody I knew once. Very nice old-fashioned type with a sweet expression.
3 - **Daylight's Midnight Sable** - Another nice black bitch; good forearm, nice shoulder, nice angulation in the rear, and a pretty face.
4 - **Marstad's Speak Softly** - Another nice black who moved well. She has nice rear angulation. I might like a little darker eye.

OPEN BITCHES - BLACK -

This was a very nice, very big open black bitch class and very difficult because there were a lot of nice bitches that left the ring without a ribbon.

1 - **Saga's Charlott's Webb** - A very nice moving, smooth moving, clean outline bitch with a lovely face.
2 - **Ridgeson's Double Feature** - This is a bigger bitch and is carrying a little more weight, and is certainly a very happy showy girl. Very typical girl though.
3 - **Mutak Sarabande at Tweedcroft** - Another waggy girl who is very nice indeed, has good angulation and moved well.
4 - **Broyhill Bahia Belle** - A substantial bitch with a nice face, and a good coat & tail.
The last three are very similar I would say. They were substantial -- nice faces, good coats, and good tails. True labradors.

OPEN BITCHES - CHOCOLATE -

1 - **Harbortop Rockmeadow Dawn** - A very happy girl who's been in the sun a little bit. But she has nice dark eyes and she's got nice bone and a beautiful tail.
2 - **Fawnhaven First Lite of Dawn** - She's another substantial bitch. Good coat and excellent tail. I just preferred the face a little more of the first one.
3 - **Coppertone Can-Ya-Beat-er** - A nice dark brown bitch. She has nice feet and she moved nicely. The tails are really quite good on all of these bitches.
4 - **Gem's Jewel Samantha** - A nice chocolate girl. She moved nicely and she's very happy. She's just a little bit out of coat.

OPEN BITCHES - YELLOW -

1 - **Marstad's Tread Lightly, CD** - She makes a beautiful picture standing. She's got nice angulation, nice coloring, good bone.
2 - **Cranspire Hopscotch** - This bitch has a beautiful face, and a beautiful head and moves very well indeed. She has a little coat problem.
3 - **Sandgold's Blue Ensign** - Nice big substantial bitch with a very nice head and a nice tail.
4 - **Orion's Daylight Calypso** - Another nice bitch. She has good rear angulation. She has a nice tail and a nice face.

WINNERS BITCH - Saga's Charlott's Webb
Reserve Winners - Westdale's Coldwater Classic

VETERAN DOGS -

Some dogs left the ring that should have stayed in I guess cause they're all wonderful.

1 - **CH. Jeremiah Jake VI, CD** - He's a big strong black dog that moves very well and has nice rear angulation, a good coat and tail and a very pretty head.
2 - **CH. Kupros Marshall** - Another really nice pretty black dog. A well put together, very clean cut dog with a nice head.
3 - **CH. Sailin' Cajun's Casanova, CD** - He moved around the ring like he was two years old and he's a very handsome dog. He's wearing his gray muzzle nicely.
4 - **CH. Bally Major Duff** - This dog moved so well. He just didn't put a foot down wrong, and he's a nice yellow with a nice coat and tail.

VETERAN BITCHES -

Two nice yellow ladies; both of whom have certainly worn their years well and look very good indeed and are showing like crazy.

1 - **Cobbs Yellow Frenzy, CDX** - She's a nice substantial lady with good rear angulation, fantastic tail, and very good coat.
2 - **Ridgeson's Undeniably Luce** - She's a very lively lady. She's a little bit darker yellow and certainly in good shape and very fit. She has a nice coat too.

BEST OF BREED -

***AM/CAN CH Wyntercreek Royal Velvet, AM/CAN CDX, WC** - A very handsome black bitch. She is just a super little girl, never stopped wagging, never stopped showing. She has a wonderful coat; has a few waves, but we like that -- a great tail and good angulation, and I think she moved very well.*

BEST OPPOSITE SEX -

***Saga's Vicount Ashley, WC,WCX,JH** - another black. Very nice substantial dog, very balanced, very well put together. He has a nice fat tail, but unfortunately it got broken somewhere. That didn't matter to me. He is just a handsome dog with a lovely head and a nice kind expression.*

BEST OF WINNERS -

***Saga's Charlott's Webb** - Is kind of a small black bitch. She is very different from the best of Breed, but she has everything in the right place. She never puts a foot down wrong, and she's got a lovely tail and a wonderful temperament. You can just tell that. I wish you lots of luck.*

The hunting test seminar on February 6th, 1993 went very well. Thanks to all our participants (55 of them) .
Pat Hatler did an outstanding job at explaining all rules and regulations. Thanks to all the volunteers found on the spot for their help.
We should do this again!..
